WORDS OF THANKS.
WORLDS OF HOPE.

Whether sending a letter, sponsoring a comfort package or attending a fundraising event, your contributions to our troops never go unnoticed. See what our heroes are saying about how people just like you have helped to make a heartfelt difference in their lives.

"I want to thank you for your tireless efforts and support during this extreme transition for my daughter and I. As a veteran that does not have a family support currently, Operation Support Our Troops has filled the gap and has become my family in a great time of need. We appreciate all of your support and our hearts are full of thanksgiving. We have found a foundation that will help us in our present and help us sail to our future. Thank you again and again to the entire Operation Support Our Troops family!!"

"Not all heroes wear capes or uniforms. The support and care provided by your organization and its supporters show a different approach of true heroes. We would like to thank you personally for the box of blessings you have provided for us and the shipmates on board. We enjoyed opening the boxes to see the overflowing snacks, hygiene goods, and inspirational letters inside. We happily read and shared every single letter and goodies provided. The box and the items inside came in perfect condition!"

INTERNATIONAL REACH.

INSPIRATIONAL RESULTS.

What began in 2003 as a grass roots effort to show care and concern for military and their families has grown into one of the largest volunteer based, military support organizations in the country. We are parents, family members, professionals and retirees—average Americans who have banded together to support the mission of caring for our military community.

SUPPORTING CONVICTION.

SUPPLYING COMPASSION.

OSOT-America provides more than supplies: we support America’s sons and daughters in the field, care for their families and rally around our returning veterans. Together, we can significantly add to each military member’s ability to fully reintegrate into civilian life upon their return home.

COMFORT AND CARE PACKAGE PROGRAM

To date, over 1.8 million pounds of items have been sent to deployed troops, one 25 pound package at a time! Each box is addressed to an individual service member but designed to be shared with nine more Soldiers. Our program also stands ready to respond to specific need requests coming from units in remote areas, Chaplains and Field Hospitals.

LEAP OF FAITH PROGRAM

Our Leap of Faith Program is a three day, intensive grief seminar, done in partnership with the US Army Golden Knights or the All Veteran Parachute Team and combines seminar time, peer support, dolphin or equine therapy, and a tandem sky dive as a way to help Gold Star family members move forward in the grieving process.

ALLEN J. LYNCH MOH VETERAN’S ASSISTANCE PROGRAM

This program was founded to provide assistance in the recovery or education process for a veteran experiencing financial hardship. Assistance is provided one time and is voted on by an oversight committee after reviewing the application and documentation. Additionally, job search support and help connecting veterans to jobs is provided.

G.I. YOGA

G.I. Yoga teaches stress relief methods to veterans and their family members by using the practice of yoga to ease aches and pains, lower blood pressure, and increase strength, flexibility and balance and how to manage symptoms of PTSD and TBI. The program is free to veterans and their family members and taught by certified yoga instructors.
