A FEW WORDS FROM THOSE WE HAVE HELPED

"I want to express my heartfelt thanks for your generosity in support for our disabled veterans. Your commitment, vision and goal are incredibly effective and helpful. It allows our Veterans to have a sense of tranquility and real support. Your assistance means so much to us, but even more to our families."

"May your journey be blessed and I am prayerful that at some point in my life that my blessings will overflow "again" and this time I will pass this gift forward."

"I want to thank you personally and your foundation for your generous help!"

"Thank you again ever so much for your service and your foundations assistance."

"I can't thank you enough for your generosity towards my family and I."

The Allen J. Lynch Program is a program of OSOT-America a 501 (c) (3) nonprofit organization and was founded to provide stop-gap measure funding to veterans and their families in need. The goal is to provide assistance in the recovery or education process allowing a veteran to move forward in their life.
HOW WE HELP

The Allen J. Lynch Medal of Honor Veteran's Assistance Program was formed to provide one-time funding to veterans and their families needing assistance in their recovery from financial hardships or crisis. Our grants are a one-time occurrence, though on rare occasion we may approve a second grant. Our grants are a hand up not a hand out. We assist only those veterans who are actively participating in improving their lives, who through no fault of their own have gotten into financial trouble.

EXAMPLES OF ASSISTANCE

The program has assisted veterans and their families by providing short-term funds. Some ways the program has helped:

Paid numerous utility bills for veterans who needed assistance to keep their electricity, gas, or water service bills current.

Purchased a new computer for a veteran so he could continue to have virtual doctor appointments due to his visual disability and allowing his children to complete their homework at home.

Purchased a certified used car for a veteran so he could continue his work with PAWWS.

Purchased two cranial helmets for two young girls because TRICARE would not purchase them for an active duty family.

When a veteran recovering from alcoholism who used his bicycle to get to and from treatment had it stolen - AULF arranged for him to get a replacement.

THE PROGRAM

The Lynch Program joined with Operation Support Our Troops-America, in January 2015 and became a program of OSOT-America in July 2016.

OSOT-America has earned 4 stars on Charity Navigator, top ratings from Great Nonprofits, a Platinum Award from GuideStar and the best possible rating from the Better Business Bureau.

About Allen

Allen Lynch has been helping veterans since his discharge from active duty. He served his fellow veterans while working with the Federal Veterans Administration as well as the Illinois State Government Veterans department.

He continued to serve with the U.S. Army Reserve and the Illinois National Guard and retired after 21 years of service. Allen served with Company D, 1st Battalion of the 12th Cavalry Regiment, 1st Cavalry Division (Airmobile) from 31 May 1967 until 1 June 1968. He had been “in-country” for six months when the action took place that would result in his receiving the Medal of Honor. The recognition of his conspicuous gallantry and selfless service to others on that day would be the catalyst for a life of service to others.

Veterans Exchange

To increase the number of veterans employed by small businesses in America. We accomplish this mission through raising awareness to small businesses of why and how to hire military veterans. We also educate veterans to understand why small businesses are an unexpected yet smart employment move after the military.
