Sometimes taking care of your veteran can feel like an uphill battle. We guide partners, loved ones and family members through the reintegration process and give them the support and help they need on their veteran's journey home.

The Family Center

ROAD HOME PROGRAM
Your loved one’s transition home can be a difficult and on-going process. Feeling stressed, sad and worried are completely normal. But if you find that things are getting worse, it’s time to focus on getting help for yourself.

There is nothing selfish about taking care of yourself. By finding the support and resources you need, you will ultimately be doing the best thing for your veteran, your family and yourself.

The Family Center at the Road Home Program provides a safe and supportive environment where veterans, partners, family members and friends can discuss issues related to relationships and reintegration. We take the time to understand your unique situation, and we tailor our care to best serve your family’s needs.

Some possibilities for your treatment include:
- One-on-one counseling
- Referrals to specialized services
- Medication management
- Support groups

The Family Center offers support and resources to caregivers and loved ones regardless of whether their veterans are ready to seek help themselves. Our services are provided regardless of length of service, discharge status or ability to pay.

Road Home is located at 1645 W. Jackson Blvd, Suite 602, Chicago, IL 60612.

If you, or someone you know needs help, please call us at (312) 942-VETS (8387) or visit www.RoadHomeProgram.org to schedule an appointment.

RUSH is a not-for-profit health care, education and research enterprise comprising Rush University Medical Center, Rush University, Rush Oak Park Hospital and Rush Health.
