Program Commitments and Training Guidelines

- **Safety is a requirement by everyone involved!**
- Illinois Teamsters’ Program was developed using all of our Instructors experience in Safety, Skills, Qualifications, Rules & Regulations both Class Room and Driving Skills.
- The Illinois Teamsters Training programs were developed and approved so that our Teamster members and our Military personnel will be Professionally Trained and Certified to transition into gainful and productive careers.
- Training curriculums and procedures utilizes our experienced training skills and educational partners and are **Certified to be True and Correct in Content and Policy**.
- Safety, Health and Skill Truck Driver Training standards are reviewed, revised, updated and recertified to keep up with changes in rules and regulations.
- **Remember, Professional Training and Education ensures everyone of a Safe Workplace, Roads and Public Highways!**
Illinois Teamsters Lead the Way for our Members, Veterans, Reserves and National Guard

“This CDL certification course is a wonderful learning opportunity for veterans who are returning to society after what can be an exhaustive tour of duty. As a veteran, I understand the importance of providing our soldiers with the resources to transition from military to civilian. The program will go a long way to help our soldiers obtain jobs after they return home.”

–Jesse White
Illinois Secretary of State
U.S. Army’s 101st Airborne Division
Member of the Illinois National Guard and Reserve
