Location: Annex
Language: English
Finding Aid: Written by Leighann Wood; Updated by Andrea Martinez, 2018

Biographical Note

The USS Chambers, an Edsall class destroyer escort for the US Coast Guard, served to safeguard men and materials vital to the success of US Naval operations in the European theatre beginning in 1943. Defeating the threats of sea and enemy, the USS Chambers found her way safely back to port. Chambers was decommissioned in 1946 and re-commissioned again in 1956.

Arrangement

This collection was received in no particular order. The PMML staff arranged the collection in chronological order.
