Biographical Note

Robert C. Peithman was born in Farmer City, Illinois. He graduated from Duke University with a B.A. in Economics, later from Illinois State University with a degree as a Certified Public Accountant, and from Pepperdine University with an M.A. in Human Resources Management.

Peithman was in Charlie Co., Third Platoon in basic training from September 1972 to March 1973. Peithman then went on to graduate from Naval Flight Officer and Radar Intercept Officer Training in 1974 and as Disbursing Officer in 1979. From 1980-1981, Peithman and his wife Nancy lived in Quantico, Virginia while he attended the Marine Corps Amphibious Warfare School. He graduated from Command and Staff College on June 30, 1989. While in the service, Peithman received the National Defense Service Medal and Sea Service Deployment Ribbon.

During his time in the Reserves, Peithman served as a recruiter for the United States Marine Corps. He later became a member of the Marine Corps Heritage Foundation.

Scope and Content of the Collection

The Lt. Col. Robert C. Peithman Collection contains correspondence, publications, photographs, articles, handbooks and manuals, pamphlets, invitations, calendars, invoices and booklists, ephemera, and other materials. The vast majority of this collection pertains to the United States Marine Corps, a small portion pertains to the other branch of the United States military, and a few items are non-military related. Included with Peithman's donation were over 1,500 books, which have been separated from the collection, cataloged, and incorporated into PMML's library holdings.

Arrangement

The collection arrived in no discernible order and has been arranged by staff. The collection consists of six series:

Series One: Biographical Materials

This series contains items that give information on Peithman's military career and various works authored by him. Peithman's Command and Staff College coursework and questionnaire are included in this series. Directories and assignments tell us where Peithman lived at various points in his career. Invitations and dinner programs have been included in this series to also highlight events Peithman attended throughout his military career. Besides being an avid book collector, Peithman wrote reviews for books he read. Those reviews and materials pertaining to them are included in this series.

Series Two: Military-Issued Documents

This series contains training manuals, handbooks, tactical guides, briefs, memorandums, information packets, strategic plans, and other materials produced or distributed by the United States military. This series is arranged by the original date of publication. Because the documents are lengthy, most have been given their own folder. Based on information found in his Biographical Materials, it can be determined that some of these documents came from trainings Peithman attended. United States Marine Corps and Marine Corps Reserve materials, such as pamphlets, booklets, and mailers, have been arranged as a subseries.

Series Three: Books Sellers

For about 30 years, Peithman bought, sold, and traded various books and items relating to the United States Marine Corps. The majority of this series consists of catalogs and lists from book vendors and individual collectors with whom Peithman did business. For the arrangement of this series, vendors and individuals Peithman did frequent business with have their own folders. Catalogs and lists that only appeared

once have been arranged in alphabetical order in the Miscellaneous Book Sellers folder. Beginning in the late-1990s, Peithman began to research and order items from online retailers. All internet print-outs are contained within their respective folders. This series also contains correspondence, invoices, and receipts pertaining to books Peithman acquired for his collection.

Series Four: USMC and Military History

This series holds many items pertaining to the history of the United States Marine Corps that Peithman collected. Topics that have a fair amount of information have been arranged within their own folders. Miscellaneous subjects have been arranged into the subseries Military Articles by date. Newspaper and magazine clippings, photocopied and printed articles, and photocopied book excerpts focused on Marine Corps history have been arranged by order of the article's original date.

Series Five: Ephemera

The items in this series pertain to Peithman's time as a USMC recruiter. Items include bumper stickers, t-shirt decals, and appointment books. A sizable collection of USMC calendars is also included. Miscellaneous ephemeral items include flyers, a cocktail napkin, postcards, and materials not related to the military.

Series Six: Oversized Materials

The items in this series would have otherwise been arranged with USMC and Military History as it contains various newspaper articles, pamphlets, and booklets. The NATOPS Documents would have been arranged with the Military-Issued Documents. These particular documents were removed from a three-ring metal binder. The Servicing Checklist was held together by four metal rings and clamped into the large three-ring binder.

Rights

Copyrights held by Robert C. Peithman were transferred to the Pritzker Military Museum & Library. All other rights are held by the author or publisher. Users assume responsibility for following copyright laws as established by US Code Title 17.
